PROFESSIONAL SUMMARY

Results-driven Frontend Developer with a B.Sc. in Computer Science and Informatics, skilled in React, Next.js, TypeScript, JavaScript (Es6+) and Tailwind CSS, with proven experience building responsive, accessible, and user-focused web applications in Agile environments.

WORK EXPERIENCE

AFRITECH DIGITAL HUB - Remote

Volunteer Frontend Developer (Next.js) | Oct. 2025 - Present

- Designing and implementing user-facing features, ensuring responsiveness and cross-browser compatibility while collaborating with backend developers and designers.
- Optimizing applications for maximum speed and scalability and staying updated with latest web development trends and technologies.

UPWORK - Remote

Freelance Frontend Engineer | May 2025 - Present

- Redesigned and optimized a client's web navigation bar, resulting in 100% responsiveness across mobile, tablet, and desktop with improved navigation speed and usability, by leveraging TailwindCSS and React.
- Deliver scalable, responsive web solutions for global clients, enhancing performance, accessibility, and user satisfaction using React, Next.js, and TailwindCSS.

NATIONAL YOUTH SERVICE CORPS (NYSC) - Nigeria

Software Engineering Tutor (Corps member) | April 2024 - March 2025

- Taught 30+ students fundamental computer programming, web programming, and digital literacy, achieving a 95% course completion rate through interactive and practical learning sessions.
- Designed and delivered 3 ICT curricula for Scratch programming workshops, impacting 100+ learners, by creating engaging, project-based modules.
- Executed community outreach programs, bridging the digital gap for 200+ underserved individuals, by introducing digital tools and ICT awareness.

STUTERN - Lagos, Nigeria (Remote)

Frontend Development Intern | Sep. 2022 - Aug. 2023

- Built 5+ responsive user interfaces, enhancing user experience and reducing drop-off by 15%, using JavaScript, HTML, CSS, and React.
- Integrated APIs, form validations, and unit testing, boosting application reliability and reducing bug reports by 30%, by applying Agile workflows.
- Collaborated with 6+ developers in peer code reviews, improving code quality by 30%, by enforcing clean coding standards and version control best practices.
- Optimized web performance, reducing page load time by 20%, through component refactoring and Tailwind CSS enhancements.

Relevant Projects: [Loan Wise](#), [Profile Searcher](#), [Star War Movies](#)

Stutern Internship Certificate – [[View Certificate](#)]

ICT CENTER, FEDERAL UNIVERSITY OTUOKE - Bayelsa, Nigeria

Software Engineering Intern (SIWES) | Dec. 2020 - April 2021

- Strengthened expertise in HTML, CSS, JavaScript, SQL, and Python, improving coding proficiency by 35%, through structured training sessions and real-world project implementation.
- Processed registration for 50+ student ID cards and 500+ JAMB candidates, reducing manual errors by 40% and increasing efficiency, by leveraging university and JAMB database software.
- Supported ICT operations by installing software and configuring networks, increasing uptime by 15%, through proactive troubleshooting, and maintenance.

EDUCATION

B.Sc. Computer Science and Informatics

Federal University Otuoke Bayelsa State, Nigeria | Nov. 2018 - Dec 2023

Relevant Coursework: Software Engineering, Web Programming, OOP, Data Structures & Algorithms, AI, Compiler Design, Database Management.

Thesis Project: Designed and implemented an OCR system using React and Tesseract.js, improving recognition accuracy by 37.93% and achieving 99.41% classification accuracy.

Extracurriculars: Active Google Developer Student Club (GDSC) FUO Chapter member, collaborated on student-led tech projects and fostering digital innovation.

LICENSES & CERTIFICATIONS

- **Udemy** - Introduction to Software Engineering and Software Design | [\[View Certificate\]](#)
- **Klusterton Hackathon 2023** - Certificate of Participation | [\[View Certificate\]](#)
- **Udemy** - WordPress for Beginners | [\[View Certificate\]](#)
- **NYSC** - Certificate of Service | [\[View Certificate\]](#)

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript, Python
- **Frameworks & Libraries:** React.js, Next.js, Tailwind CSS, Bootstrap, Material-UI, Chakra-UI, Django
- **Databases:** SQLite
- **Tools & Platforms:** Git, GitHub, npm, yarn, VS Code, Webpack, Sass, Figma, Chrome DevTools, Slack
- **Testing & Performance:** Jest, Vite, Debugging, Performance Optimization
- **Methodologies:** Agile, Scrum, SDLC, Version Control
- **Other Skills:** Mobile-first Responsive Design, RESTful APIs, CMS (WordPress), Accessibility (WCAG), UI/UX Implementation, SEO Optimization, Data Structures, Object-Oriented Programming

PROJECTS

- Developed [Shortly](#), a responsive URL Shortening landing page that enables users to shorten, copy, and persist links across page reloads using React, TypeScript, TailwindCSS, and localStorage to ensure seamless state management and user experience.
- Developed [Mystic Cookie Advice Generator](#) app, significantly increasing API reliability by implementing a timestamp bypass for cached responses, utilizing React for dynamic state management, and TailwindCSS for a fully responsive UI.

- Built a personal [Portfolio](#) website, increasing recruiter engagement by 30% using ReactJS, Tailwind CSS, and Framer Motion.
- Built a [Countries Explorer](#) app, enabling 100+ users to access country data efficiently, by integrating REST Countries API, React.js, and Material UI, with dark/light mode.
- Designed and implemented a [Baby Zoo Quiz](#) app, enhancing engagement for kids, using JavaScript, HTML, and CSS, with interactive quizzes and score tracking.

SOFT SKILLS

- Effective Communication & Teamwork
- Excellent Problem Solving & analytical skills
- Attention to detail
- Time Management
- Adaptability
